ABOUT ME

I am something of an enigma. It maybe hard for others to understand me right away but I will try to make them understand as much as I can. As a freshly graduated student I don't have much of a experience but I really want to hone my skills and learn more. I am Enthusiastic, team player, quick learner, punctual and i would like to utilise all my personality in my work.

MINI-PROJECTS

Anime Database Management

In this mini project the system has to take collect all the anime details(Anime_title, Creator, Company, Voice_actor). Then it should be able to read, instert, and delete the collected items in the database.

FRI-DAY (Voice_Assistant)

The basic requirements that FRI-DAY has to do is talk to the user and should be able to response to the user requirements. The objective of this project is to be a friend to the user and help them in there daily tasks like checking the weather report, messaging, calling, opening apps and more.
